Xanii told me to tell you guys something...

"I don't really want to write out anything sappy... I can't think of anything, to be honest. It was really fun on the forums while I was able to be here, and maybe I'll bug Mist into posting for me some other time. Probably not. Thanks for being cool, n stuff. I'll be on the Discord and maybe I'll join Flight Rising or something.
Xanii
Ps; maybe I'll make something heartfelt some other time lol,"

I think I've seen them around before, but do you know why they were banned, or is it another case of not even knowing why?

Farewell, and may you have the best possible opportunities and life. Maybe I'll be back someday, but for now I just want to say thank you for everything.

As far as I can tell, I'm still banned on my usual wifi, for now at least. It's a Wifi ban. I probably won't be that active. I'm on discord and flight rising now, as well as the wiki (GvE, PAD, whatever else I can join if I have to)

Oft described as a dumpster but, like, with legs. Cool legs, though.
